Style for the modern family

TOYOTA

Oh what a feeling!

There's a spirit that runs through Toyota. It's a feeling of achievement. It pushes us. Inspires us.

— It's what saw us mass produce the first dedicated hydrogen fuel cell vehicle, the Mirai, and what will see us define the very future of movement. Our Japanese founders called it 'Kaizen,' but we simply call it 'continuous improvement.' A relentlessness to always move forward, never settle for good enough.

And here's the exciting part, this feeling of achievement is yours to experience. Life changing moments, just waiting to be told. Whether it's the thrill of experiencing the latest in technology, venturing somewhere completely new or simply spending more time with your family. That sense of achievement, whatever form it comes in, will be a feeling you never forget.

This is a journey for which we don't know the destination, but looking back at how far we've come, it's safe to say tomorrow looks exciting beyond imagination.

“

We are a group of passionate perfectionists who can't let well enough alone...

That's Toyota.

That's the spirit.

And that's our contribution to the world. We will be the best we can.

And we will help as many as we can to be the best they can...

— Eiji Toyoda

Innovative thinking all the way through

The car for the modern family, Prius v has enough space to carry seven occupants in comfort and almost anything else you and the kids can throw at it.

Cleverly designed aerodynamic features complement the Toyota Hybrid System¹ where the electric motor and petrol engine work together

seamlessly to maximise fuel efficiency and reduce emissions.

Prius v's sleek lines are enhanced by LED Daytime Running Lamps (DRLs), while UV-reducing glass in the windscreen and front windows cuts glare and reduces noise and vibration inside.

There's more smart design within Prius v. The seating can be worked six ways to load virtually anything for a family adventure and up to seven occupants.

The convenience of a single-dial air conditioning control makes it easy to ensure comfort for all. Essential instruments and controls are ergonomically placed around the driver while the dash combimeter delivers a range of important vehicle and trip information. If you need to get going with your hands full, you'll appreciate the smart entry and start system that allows you to unlock and start the car while your key remains in your bag or pocket.

A. Reversing camera⁵ with moving guidelines
B. Rear-seat sunshade

Once inside, the seatbelt reminder means there'll be no excuses for not buckling up, while the rear-seat sunshades help keep passengers cool on bright sunny days. You'll keep everyone happy with crisp sound from the JBL^{®2} 8-speaker system with a 6.1" colour touchscreen display including integrated reversing camera, digital radio³ and satellite navigation⁴ plus all the iPod^{®2} and Bluetooth^{®2} capabilities you'd expect. Plus in the i-Tech,[®] you'll enjoy heated front seats and a panoramic roof, and should anyone make a mess, the premium seat materials are easy to clean.

Active Cruise Control⁵ will help maintain a safe and constant distance from the vehicle in front. On the i-Tech,[®] you'll also have Intelligent Park

Assist⁵ (IPA) to help you into tight spaces. Then when it's on the move, an auto-dimming rear view mirror automatically adjusts to help reduce headlight glare at night.

Prius v also provides protection for everyone inside and has been awarded the maximum 5-star 2015 ANCAP safety rating. Occupants are protected by seven SRS airbags. There's also Vehicle Stability Control (VSC) to help with any potential oversteer or understeer. Electronic Brake-force Distribution (EBD) increases the brake force to the wheel(s) it detects, while Brake Assist⁵ (BA) is designed to apply the shortest and safest possible braking distance in an emergency. Toyota Safety Sense also comes as standard on both grades.

Toyota Safety Sense

The road is an unpredictable place – you can never be certain of what dangers may lie ahead. Which is why we developed Toyota Safety Sense (TSS),⁵ a multi-feature active safety package to help keep you and your passengers out of harm's way. TSS incorporates Lane Departure Alert, Pre-Collision Safety system with pedestrian detection, Automatic High Beam and Active Cruise Control. With automated pre-collision warning and braking at its core, TSS uses intuitive technology to sense danger, providing greater reassurance to the driver and extra protection for passengers across a varying range of driving speeds and conditions.

Pre-Collision Safety system

with pedestrian
detection⁵

Pre-Collision Safety system with pedestrian detection is developed to help reduce the likelihood of a frontal collision with cars and pedestrians. It includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision is judged to be unavoidable, automatic braking to help mitigate the impact.

Active Cruise Control⁵

Active Cruise Control is designed to help keep a distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down, to help maintain a set distance.

Lane Departure Alert⁵

Lane Departure Alert is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane.

Automatic High Beam⁵

Using a camera to sense either approaching headlights or the tail lights ahead, Automatic High Beam is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.

The Toyota Advantage

Every Toyota gives you a lifetime of advantages. That's what makes it a Toyota. You'll enjoy legendary Toyota value from the moment you drive away, and you'll continue to appreciate the quality, safety and innovation that's engineered into each model, every day you drive.
